## KATARINA & VANESSA

I just got a new roommate for the summer. Her name is Vanessa. She's a blonde beauty with legs from here to Tennessee. I was unboxing my new toys when she walked in and seemed surprised, and excited. She said she was gong to ask me to go to the movies, but seeing my vibes, she asked if we could try them together.

# WEEK- LONG SEXFEST

*We broke the pleasure barrier with multiple nights of erotic ecstasy*

It was the same old story: Two years of marriage, plus the year we lived together before that, had cooled our passions. We knew it was normal, but Ed and I weren't willing to accept it. Some couples at this stage turn to swapping or threesomes out of desperation. We decided to look elsewhere. The question was where?

I was at a friend's house and she played some music on her Bluetooth speaker. I wasn't really listening, but one phrase in a song caught my ear, something about 24 hours of having sex. I kidded Ed when I got home. "We ought to try that and see if we could make the Guinness Book of Records. I wonder what the longest recorded time is for uninterrupted fucking."

"I don't know, but I'm sure I'm not going to beat it," he answered. "I know my limitations. Twenty-four hours of screwing love is a hell of an idea, but it's not me."

"How about 24 hours of foreplay then?" I teased. "Do you think that would be easier?"

"You trying to kill me or something?" he answered.

"Could you?" he asked me back. "If nothing else, you'd fall asleep."

"What about a week of foreplay, with time out for sleep?" I asked. An idea was forming in my head. Ed picked up on my tone of voice and knew I'd gone past kidding to some serious suggestion, even though he didn't yet know what it was. I didn't know, myself; I was still working it out as I talked. When I'd finished thinking it out, it was a go.

I wanted for us to have sex every night for a week. If you accept "lovemaking" as the entire concept, and not just the act of fucking. Our lovemaking would be a week of foreplay, climaxing in fucking. I must have been persuasive, because Ed went along with the idea.

### **Monday, Day 1**

About an hour after dinner I began by kissing Ed. In fact, all we did that evening was kiss. With so much time to devote to it there was plenty of opportunity to explore different ways, as well as different places and parts of each other's bodies.

My first kiss was a soft, dry, barely brushing motion. My lips touched his, and then flitted away before his lips could respond. His mouth sought mine and he kissed me just as softly and just as fleetingly, then he moved downward and paid loving attention to my neck. I felt his lips gently nibbling my warm flesh. A shiver started in my throat, ran around to the back of my neck, and down my spine. My body began little involuntary motions of excitation.

My blouse was off before I quite knew how he had done it, and he was kissing my bra. I kept waiting for him to take it off, but he only kissed the thin, lacy material, never trying to remove it or get under it. The suspense was too much to bear and the letdown was agonizing when his warm lips finally moved away from my bra to the relatively unexplored zone below my tits and above my belly.

Every time Ed exhaled, his breath tickled me. Gooseflesh raised itself up across my belly and I was

aware of a growing dampness within my semi-sheer pink panties.

Turning the tables I moved around to elude his lips and kissed him on the back of each ear, followed by a series of small kisses up and down his shoulder blades. Finally I planted my lips in the small of his back and kissed him hard, sucking, passionately. I found myself wondering if he had a hard-on.

When he kissed my feet, tickling them with his lips as he did, I could feel the chill all the way up my legs. I'm sure my womanly scent wafted downwind to him, but as badly as I wanted him to work his way up my leg, he never got above the ankles. I was in a delicious state of heat when Ed informed me it was 11 o'clock and we'd better get some sleep. I was about to protest, but after all it was my game. I had a lot of trouble falling asleep.

### **Tuesday, Day 2**

Ed worked late and we didn't get to the bedroom till nearly 10 o'clock. "How about a little hugging?" he asked. I was half undressed, in my bra and panties. Ed had on his undies and had unbuttoned his shirt. I put my arms lovingly around him and he responded by pressing me to him. It wasn't the affectionate hug involving mainly upper bodies, nor was it the sensual pelvic thrust of hungry cock and cunt. He simply insinuated every inch of himself forward so he was touching every possible millimeter of my body. We made almost total frontal body contact and this time there was no question about whether his cock was erect. I could feel it pressing against me, even the throbs beating through it as it pulsed its way up and up.

I had to stop myself from grinding against him, but I stood there devouring the warmth of him, the sense of him. I also felt the need in him with every inch of my body.

Touching him as I was, I was tuned in to his body, and his body was speaking volumes. And so was mine. I didn't know how well he read me, but I knew that I could feel the pressures that were building within. Ultimately I succumbed and my hips began to rotate inexorably against his rigid pelvis, taunting his thrust-out tool. My body begged me for some more satisfying contact than it had been allowed thus far.

It was Ed who put a stop to the evening when his hot sex met mine. As I pushed my pounding pussy up against his rigid dick, he started to push back and then stopped. I could see the tent-pole in his pants as he moved backward, and his fly was even gaping provocatively under the pressure. My shoulders sagged with resignation; I knew this was not the night for consummation.

### **Wednesday, Day 3**

I decided tonight would be for stroking and other finger play, short of mutual masturbation. I wanted so badly to enclose his hard love muscle in my grasping palm, but if that was out then I was going to have to explore lesser-known territory. If I cradled his balls, I'd be too close to temptation. Well, I'd sucked his toes before, so why not sexually play with his feet?

Then inspiration hit, I enclosed his longest toe with my thumb and forefinger. At first I was barely touching his toe, just tracing the outline of the sides. Gradually I held tighter and tighter, till I had a firm grasp on the toe and my motions were as if I were jerking it off. I knew he got the message; the part of his body I was aiming my efforts at was visibly responding, uncurling and unfurling and stretching out as if to show off its size.

After that I wrapped as much of my hand as I could around it, at the instep, and repeated the motion. The only one with a responsive organ; my pussy soaked, and I think I was getting through to myself more than I was to him. Maybe it was just as well that I should lie down and let him use his persuasive touch, unsure how much longer I could have played around. Ed did not help my condition any. His palms sought to approach me; they brushed my breasts on top. He didn't finger my nipples, nor did he grasp them. All he did was touch them very lightly with his palms, barely making contact, and in fact sometimes missing altogether, which caused me to arch my back and strain upward toward him. He gave my nipples a final fast brush with the heel of his hand and then changed territory.

Using his fingertips, he tantalized my belly. I felt as if I 10 million nerves in that one little area were exposed. Wherever he touched, even such unlikely places like my elbows or my ankles, seemed to have affected my sex-starved cunt. When he lightly stroked and kissed my shoulder and the top of my arm, I felt like my neglected and dew-soaked pussy would never see relief. I was the one who called a halt that evening. I simply could not endure any more unfulfilled stimulation.

Last Wednesday night I couldn't sleep. I had tossed and turned for hours, but the bed brought no comfort. I had even tried to surreptitiously rub my pulsing clit with a furtive finger, but I couldn't get up enough motion or speed to accomplish anything. I didn't want Ed to know; it felt like cheating. But I had to do something.

I got up and went out to the darkened kitchen. I leaned against the wall, already making an excuse if Ed were to walk out here: I could always say I was getting a glass of water.

I rubbed my clit and squeezed my labia and stroked the spot between my pussy and asshole. I gushed fluids; my fingers were soaked. I came in a rush, the feeling sweeping through my body and overtaking all my senses. I fell against the wall and just stayed there a minute till I regained my composure. Then I washed off my fingers and crept back into bed.

Ed was sleeping peacefully, but I still couldn't. His body was warm and inviting, even in sleep, and I realized I hadn't quite taken the edge off in the kitchen; I hadn't satisfied my real need for release.

### **Thursday, Day 4**

Though neither of us said it out loud, tonight was what I guess you could call "Secondary Genitals" Evening: Asses, tits, balls—all those delicious parts of each other that we both enjoyed and could get us each so worked up.

I buried my nose and mouth into Ed's ball sac and nuzzled deeply. While my nose stirred the contents of his delicates and also stirred his passion to a boil, I breathed the scent of his maleness and my own body reacted, grinding forcefully against his leg. I had to stop, but Ed took up the action.

Rolling himself above me, he darted his tongue to my puckered asshole and flicked it down and up, down and up, then intruded inward. Licking, flicking, lapping and inserting his serpentine tongue shot a 220-volt zap through me. I got out from under him, rolled him over, and did the same to him. I wanted so badly to thrust a finger upward too, but I was afraid I'd bring him off with prostate massage inadvertently. So I did no more than run my finger

around the rim and poke it in just past the entry, quickly withdrawing it from there. Ed protested with such moans of agony that if I didn't know better I'd have thought I was hurting him instead of just frustrating him.

Of course he wanted to retaliate for the frustration, and he chose my tits as the target. First he ran a spit-wet finger rapidly around the nipples. Then he tweaked the two nipples between his eager fingers. Finally he sucked, accompanying his greedy intake of boob with much tonguing of my nipples.

I was in absolute desperation at knowing that there was no relief tonight either. Beads of sweat had broken out all over my face, and the rest of my body was bathed in sweat. I knew I was going to need another shower before going to sleep (or trying to; I had no reason to think I'd be any more successful at getting a good night's sleep than I had been the night before.)

I grabbed and pulled Ed to me and dug my fingernails into his back, pulling him up against me. His chest hair tickled my sensitized nipples and I pushed my body tighter against his. His dick scraped against my clit and the friction shot through me. I rolled on top of him and pinned him down on the bed, grinding against him. "It's only Thursday," he whispered. His tongue inside my mouth gave me a jolt that was like jolts of pure pleasure.

The two messages were certainly conflicting. His mouth had said the words, "It's only Thursday," and then had captured my mouth and invaded it with his tongue, and he knew how that always turned me on. I opened my eyes and looked into his. Ed ground his

hips against me once, and just when I'd decided that neither of us could take any more, he gently pushed me off him and sat up.

His eyes looked glazed, the veins stood out on his hard pole as if they'd been applied from the outside; his face was flushed a color so deep that it echoed the deep rose shade of his flushed cock, and he was slick with my sweat. When he got up from the bed to shower, he was staggering. All from me, I sat there shaking.

### **Friday, Day 5**

We'd agreed that Friday should be love bites and talking out loud about how we felt while holding each other. Saturday should be a repeat of all we'd done from Monday to Friday, interspersed with a very limited amount of mouth to cock/mouth to pussy contact. We never got past the first five minutes of love bites and talking.

Ed was biting under my arm while I told him how much I needed to feel him stuff his male hardness into me and we both started to shake with unfulfilled passion. He bit harder and I didn't even notice the pain, I was so caught up in what I was telling him. I really needed to feel him fill me up with himself and shoot his semen into me, and I told him so. Next thing I knew, he was doing just what I was telling him I wanted.

I don't even know which of us broke down first. I don't remember the moment of consciously giving in, even the moment of stopping-what we were doing and starting to fuck each other in earnest. There

I was, wildly moving on the bed, stuffed to the hilt with his fat cock. Our bodies slammed against each other in frenzied disregard for any rhythm; it didn't matter. It was so good to have him pounding my need right out of me and my pussy grasped him and held tight on all sides, making suction noises with every move of his dick.

The relief my orgasm brought was so great that I cried. It was a spontaneous thing that Ed understood, I guess, because he didn't ask what was wrong. For all I know, he may have been crying too. I couldn't tell through my own tears. It was such a total release, this overpowering orgasm, that tears were needed too, I guess, and his may have been the same. I fell into a deep and restful sleep immediately afterward.

### **Epilogue**

We haven't repeated the experience since then, though I've intended to one of these months; if not the exact same thing, then something like it. Of course we drifted back to a sex life something like we had been experiencing before our week-long session. It would have been realistic to think we'd have resumed our honeymooner's sex life after that.

But it did prove one thing to us: Sex that has become somewhat less exciting and less stimulating does not have to stay that way. And you don't have to resort to swinging, swapping, threesomes or even cheating just to put life back into the relationship. You can't tell me any two bodies burned hotter than Ed's and mine during our week-long sexfest—even if it was a short week.

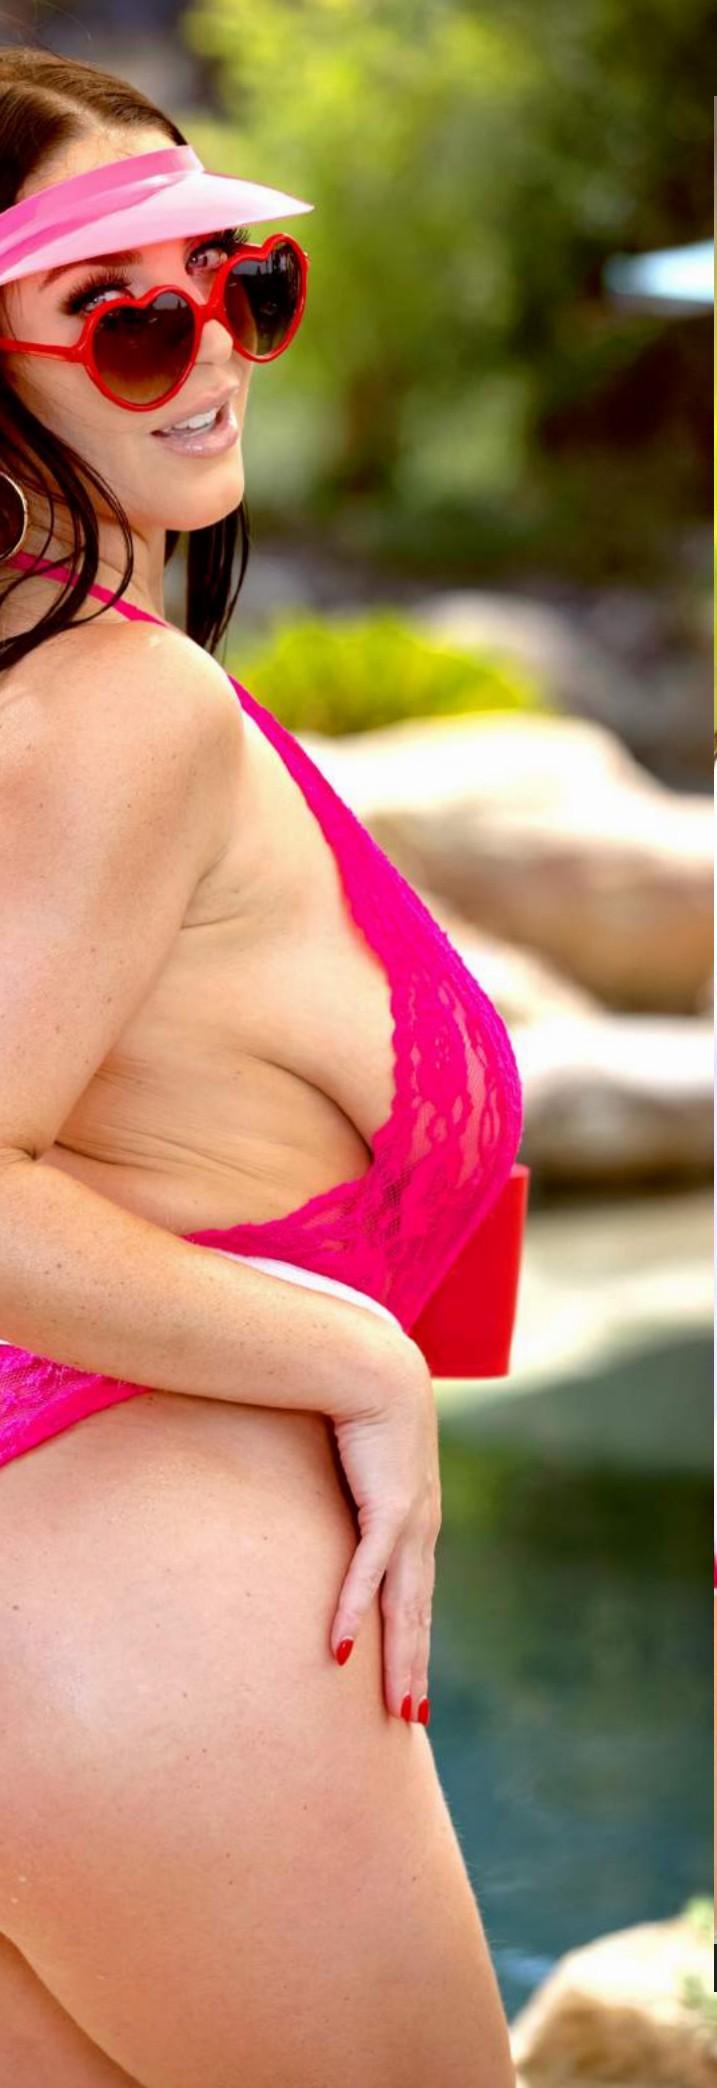

## ANGELA

**M**y last movie was really tiring. We shot for three days in the desert and it was incredibly hot. I didn't need to fuck too much to be dripping in sweat. When I got back to LA, it wasn't much cooler. I had this shoot scheduled and asked if I could have a spritzer bottle to cool my breasts off. It didn't help much.

## LETTERS FROM OUR READERS

### COUNTRY BUMPIN'

A dim light hangs over the smoke-filled recording studio in Nashville, Tennessee. The superstar country singer poses beneath the soft light, the microphone a few inches from his twitching mouth. The pre-recorded background music begins to play and the singer hums for several seconds. He then launches excitedly into song with near-orgasmic cries and whoops. Directly in front of him, on her knees, a groupie is giving him a blowjob.

It may seem difficult to believe, but there are young women whose foremost ambition in life is to suck or fuck a particularly idolized country singer, or simply to have sex with as many country music celebrities as possible. Their pursuits take them all over the country, from recording studios in Nashville to concerts in L.A., to wild parties in New York penthouses.

Some groupies are looking for nothing but casual sex, while others are lucky enough to find themselves the consort of a country star for a season or two. A few even marry their way into country royalty—their pasts whitewashed, deodorized and sanitized, and they evolve into respectable wives.

If a portrait of the average groupie could be drawn, she's most likely to be white and in her 20s, middle- or upper-middle-class (it costs money to devote oneself to being a groupie) and she's adaptable and a thrill-seeker. As "Angie," the groupie to one of the kings of country music explains, "You have to expect anything, from degradation to boredom to ecstasy. But don't bother trying to portray the average country groupie, because there's no such animal."

Angie offers her most satisfying experience as a groupie:

"It was in a van, belonging to a well-known but not big star singer. And it was me, him and his personal manager, who was his buddy. I won't go into how we got into the van, but there we were. We'd stripped and done some foreplay, and because the guys couldn't decide who'd have a go at me first, I got to decide what we'd do for our fun.

"So they agreed to help me live out one of my fantasies. I lay in the middle of the carpeted floor, stroking my pussy, pressing my vaginal lips, jerking my forefinger inside myself. At the same time the men were on their knees on the bed, one on either side of me. They were each to masturbate, not to see who could come first or even last longer, but to masturbate at their leisure and then ejaculate simultaneously—right on my tits! I was going to try and have us all come at once, at the same time, and they had to wait until I gave the word. Aha.

"At that time, I said they should each rub the semen all over the breasts of mine 'assigned' to them, massaging each tit and stroking my tummy as I came. And that's exactly what we did, with me staring at those gorgeous cocks: getting hotter and hotter. I turned my head first to the right, then to the left. X stared at Y, Y stared at X, they both stared at me—we all were totally involved in making love to ourselves but together, using each other for mutual stimulation.

"At last I was ready. I'd taken as long as I could; doing it just the way I liked it. 'Okay, motherfuckers,' I gasped.

I TURNED MY HEAD FIRST TO THE LEFT THEN TO THE RIGHT. THEY BOTH STARED AT ME.

"'I'm getting there.' I felt the first little shudders and then came the jets of creamy white liquid spurting on my chest, and finally the throes of my thundering orgasm. Oh, it was amazing! When I was done they were still rubbing me, making me tingle as my skin absorbed their sticky-icky stuff. The air reeked of a healthy mixture of musk, my perfume and the two men's sexy sweat. Then I opened my eyes and they both tumbled down on the floor beside me. We rested silently a long time, enervated by all the motions and the music, contemplating the joy of sex.

"What could have topped my simple fantasy, I wondered? So I said, 'Let's do something we can all enjoy together,' and with that I promptly got on my hands and knees.' That set my mind to spinning with sexual speculations, but no sooner was it said than we began assembling ourselves into the right position: me

in the middle, Y in front of me and beautiful X behind me.

"I tossed my head back and relaxed totally, as both guys' dicks entered my body—one in my cunt, the other in my mouth. I wanted them to fuck me from both ends. I wanted them to penetrate me at the same time, not separately. Without a doubt, that was a great way to double the pleasure for all of us. Once both were snugly inside of me, the most deliciously satisfying sensation came over me. 'Let the fucking begin,' I whispered hoarsely, trembling with expectation.

"So both men then began giving it to me, fucking me better—twice as better—than I'd even been by fucked by one guy. Their thrusting became more and more forceful and they synchronized their rhythms, which was better for me. X nibbled on my neck now and again and I took Y's entire length into mouth. He was breathing hard, gasping for air, and I soon slipped an arm around his back and tried to reach down to his powerful, pumping ass. 'Fuck me more!' I commanded them both, feeling like I was the star. For the time being, both guys were making me feel like I was a woman solely concerned with her own pleasure.

"I reveled in the quick breaths, ecstatic grunts and aroma of raw men, fore and aft of me. They muttered dirty words, which I encouraged and added to. Y's cock pumped into my mouth as he pushed his bull's organ all the way inside of it, and X's stomach smacked my back. I surrendered myself into the realm of the senses, seeming to float in a cocoon of ecstasy. I wished they could keep this up forever.

"So far, it was the best sexual position I'd ever been in—it gave a man perhaps more than average pleasure, but for a woman it was the ultimate. I wouldn't have minded if the moment had been captured on film, which other celebs have suggested and I've refused. I had the feeling that was the ultimate country experience I'd ever have. It was more

SO BOTH MEN THEN BEGAN GIVING IT TO ME, FUCKING ME HARDER.

than sex and I can't describe the sensations adequately, or the orgasms. I can only say that country groupies get more out of their men, because country-style men are the best—not only at music, but surely at sex!"

But not all of the groupies are so successful or satisfied. Take Suzy Lee, for example.

Suzy Lee claims she was one of the first groupies. The daughter of wealthy, indulgent parents, the extremely intelligent 26-year-old redhead graduated early from high school and abruptly left for Nashville. "So I was smart," she shrugs. "What good did it do me? As a female, I was denied being the graduating valedictorian because the principals, both men, felt a boy should receive the honor, even though the boy who got it had been suspended once and his GPA was lower than mine. That was one Incident out of many."

Suzy Lee's initiation was at a concert in southern Michigan, where she found a country idol was playing. The middle-aged but appealing singer had a reputation as a quiet family man, but...

"I got past his personal bodyguard after the show," recalls Suzy Lee, "because I was pretty, I guess. The star's manager gave me a bit of

trouble and somehow seemed jealous. But then the star came in the dressing room and I could tell he was delighted to see me. I'd waited until everyone had cleared out. The star told his manager to leave and asked what he could do for me. Now, understand that I didn't intend to have sex with this guy; I thought I'd be lucky to get a selfie with him.

"But he obviously had different ideas. He sort of edged me into the adjoining room. Once we were inside, he lost all reserve and unzipped his fly and fished his cock out. I stood there gaping and he muttered, 'Alright, you want it the old-fashioned way?' Then he removed all his clothes, bold as can be, and asked me to join him on the sofa. At first I was appalled and embarrassed, but he was my idol, after all; and the more I saw of his body, the more I liked it. For his age, he was fantastic!"

Unfortunately for Suzy Lee, one session was the most the star allowed each groupie. "I was so disappointed, so personally let down, that I briefly considered looking to do something else with my life." But she moved on. There were more one-night stands until she got a part-time job as a gofer for a plain but

charming singer. "It obviously wasn't for the money, it was for kicks. Besides, this particular dude wanted a regular relationship with me. But he wasn't willing to appear in public with me, so after two months my self-esteem took over and I split the whole scene."

Suzy Lee is now an executive with her father's firm. She's unmarried and intends to stay that way. "The country groupie scene—any groupie scene—is thoroughly sexist, not to mention insincere and sexually ungratifying. Everything revolves around the man's own pleasure, and the women are used and respected as much as throw-away products."

Francine, 18, is one of the luckier ones who made it into a recording studio, where she was accorded favored concubine status. Her "star," as she chooses to call him, has said she's his favorite groupie ever. The high school graduate from Washington, D.C., is now his semi-official girlfriend, a situation she never fore-saw in her wildest dreams.

"I mean, all I cared about was the sex, and I thought that was all the guys cared about. But this one is different; he lets me do kinky things to him in front of other people, like blowjobs, which he says improves his singing, but he says he loves me. I don't know if I love him, though. I like him a lot, but we'll have to see how things work out. I've had some super experiences in the last 10 months or so, and I've usually hung around where it felt best. Who knows, I might move on tomorrow..."

Sandy, 19, is a high school drop-out who took up her new "career" this year. She has been very popular. For her part, Sandy feels she uses as much as she is being used.

"To me, country singers are the shit," she enthuses, her blouse casually displaying a veritable valley of cleavage. "They're the sexiest, most masculine men in the world. I'd do anything to please them. I wasn't a virgin when I started banging country stars, but I had no idea there was so much variety in sex. I was naive,

HER "STAR" HAS SAID SHE'S HIS FAVORITE GROUPIE EVER.

believe it or not. I thought it was all gentle and romantic, like it had been with the businessman types I'd fucked before."

The Oregon-raised brunette claims to have been an unruly, disinterested student. "Years before I quit school, I thought about hitting the road as a groupie, but I didn't dig those glitter-fairy types. Mostly I ran away to get school out of my hair, but the singers' hard-ons beneath their pants at a show for the county fair turned me on. It was easy getting to the second-guitar after the show.

"I never got to see his face till afterward. An attendant just shoved me into a dark room and told me there was a second-guitar in there who wanted me. He sure did! It was Daniel in the lions' den all over again.

"The instant I walked in I was attacked and the clothes I'd worn were ripped off of me while music blared inside the room. Mr. Second Guitar threw me on the bed and gave it to me three or four times. In between his deep Southern accent told me to stay in the room while he went out to get a drink. While I lay on the bed waiting, my nerve finally ran out on me and I was petrified.

"What if he was crazy? When he came back I decided I wouldn't give

him a chance to stop or do anything except fuck. He was a super lover and satisfied me completely, even though I was scared and there was practically no foreplay. Finally he went out for a 'drink' and didn't come back for half an hour so I stepped out. There he was, sprawled naked on the bed, snoring like a baby! He was much better-looking than on the stage, in all those bright lights. But all the time I was fucking him I wasn't sure which one he was because I didn't know what second-guitar meant."

Since this episode four months ago, Sandy has graduated to slightly more 'refined' men. She's learned quickly. For one thing, she's pickier about her lovers and insists on a generous amount of foreplay and being taken to dinner or given complimentary tickets. "I don't feel exploited by being a groupie," she states. "On the contrary, I look at myself as a freelancer. I can come and go as I please, but these performers are stuck with their schedules and. They're also vulnerable to blackmail and writers-in-disguise. I wouldn't do that, because it's not my thing. But some of these dudes are pretty mean bastards and could drive a girl to do that."

Okay, what do you get when three good friends come together to cum all over each other? You get a quite a good show of boobs, pussy and asses, and these three are not shy. We find the eye contact refreshing and entrancing as they go about eating and fucking each other. It makes us instant voyeurs and we love watching them. What could be better?
